TECHNOLOGY PROJECTS

Smear.app — iOS APP — *Lead APP Developer*

Dec 2023 - PRESENT : Full App Preview at KimmerOreilly.com

Full Stack Developer: Designed and built both the front and back-end architecture of an online multiplayer game integrating **real time websocket communication protocols, stateless performance, four different congruent game perspectives, full animations, & main thread management.**

MousePup — Haptic Gauntlet — *Lead Engineer*

Dec 2023 - PRESENT : Prototype Demo at KimmerOreilly.com

Designed and built a safety gauntlet for motorcyclists, embedding a controller board with LEDs, an HM-10 Bluetooth module, and haptic engines into the fabric. This setup enhances visibility and provides vibration warnings, all controlled via Bluetooth communication with the proprietary iOS app.

Designed and developed the bluetooth iOS app mate.

Alexandrablackandthethiefofdeath.com — *Lead Web Dev*

Dec 2023 - PRESENT : Website viewable at AlexandraBlackAndTheThiefOfDeath.com

Designed and wrote the brilliant animation filled landing page for the fantasy novel Alexandra Black and the Thief of Death.

THE FEDERAL SAVINGS BANK, BANKER

[2023]

- Government Loan & Credit Specialist with an focus on Veteran & Federal Housing debt benefit distribution
- Persuasive Client Financial Reconnaissance, Acquisition, and Maintenance:
 - crafting and implementing communications hyper effective in obtaining adequate potential client financial data to determine suitability, identify critical financial predicaments, present financial product solutions, and maintain/guide the client through product underwriting and delivery.
- Project Management Details (Sales Process):
 - Swiftly building a resource loaded schedule that efficiently organized multiple clients, the teammates working their case, and the product deliverables associated with each unique scenario.
 - Frequently revising the schedule to adapt to unexpected obstacles.
 - The primary scheduling objective was to eliminate down time by substituting in client acquisition to maximize overall monthly loan volume as compensation was a percentage of the loan size and disbursed only upon product delivery (projection completion).
- Over \$750,000.00 of loan sales in month one (\$1,800,000 pipeline for month two).

GENERAL PARTNER OF COMET CAPITAL INVESTMENTS, L.P.

[2017–2022]

- Officially registered as a Securities Professional with EDGAR (2020) – Private Placement of \$1.7Million).
